Everyday life in the far outposts of empire can be static, empty of the excitement of progress. A pervading sense of banality and boredom are, therefore, common elements of the daily experience for people living on the colonial periphery. Saikat Majumdar suggests that this impoverished affective experience of colonial modernity significantly shapes the innovative aesthetics of modernist fiction. *Prose of the World* explores the global life of this narrative aesthetic, from late-colonial modernism to the present day, focusing on a writer each from Ireland, New Zealand, South Africa, and India. Ranging from James Joyce's deflated epiphanies to Amit Chaudhuri's disavowal of the grand spectacle of postcolonial national allegories, Majumdar foregrounds the banal as a key instinct of modern and contemporary fiction—one that nevertheless remains submerged because of its antithetical relation to literature's intuitive function to engage or excite. Majumdar asks us to rethink the assumption that banality merely indicates an aesthetic failure. If narrative is traditionally enabled by the tremor, velocity, and excitement of the event, the historical and affective lack implied by the banal produces a narrative force that is radically new precisely because it suspends the conventional impulses of narration.

The work that Maurice Merleau-Ponty planned to call *The Prose of the World*, or *Introduction to the Prose of the World*, was unfinished at the time of his death. The book was to constitute the first section of a two-part work whose aim was to offer, as an extension of his *Phenomenology of Perception*, a theory of truth. This edition's editor, Claude Lefort, has interpreted and transcribed the surviving typescript, reproducing Merleau-Ponty's own notes and adding documentation and commentary.

This concise and highly accessible textbook outlines the principles and techniques of storytelling. It is intended as a high-school and college-level introduction to the central concepts of narrative theory – concepts that will aid students in developing their competence not only in analysing and interpreting short stories and novels, but also in writing them. This textbook prioritises clarity over intricacy of theory, equipping its readers with the necessary tools to embark on further study of literature, literary theory and creative writing. Building on a 'semiotic model of narrative,' it is structured around the key elements of narratological theory, with chapters on plot, setting, characterisation, and narration, as well as on language and theme – elements which are underrepresented in existing textbooks on narrative theory. The chapter on language constitutes essential reading for those students unfamiliar with rhetoric, while the chapter on theme draws together significant perspectives from contemporary critical theory (including feminism and postcolonialism). This textbook

is engaging and easily navigable, with key concepts highlighted and clearly explained, both in the text and in a full glossary located at the end of the book. Throughout the textbook the reader is aided by diagrams, images, quotes from prominent theorists, and instructive examples from classical and popular short stories and novels (such as Jane Austen's *Pride and Prejudice*, Franz Kafka's 'The Metamorphosis,' J. K. Rowling's *Harry Potter*, or Dostoyevsky's *The Brothers Karamazov*, amongst many others). *Prose Fiction: An Introduction to the Semiotics of Narrative* can either be incorporated as the main textbook into a wider syllabus on narrative theory and creative writing, or it can be used as a supplementary reference book for readers interested in narrative fiction. The textbook is a must-read for beginning students of narratology, especially those with no or limited prior experience in this area. It is of especial relevance to English and Humanities major students in Asia, for whom it was conceived and written.

'A wonderful book - an invigorating revelation ... An essential collection of prose poems from across the globe, by old masters and new, reveals the form's astonishing range' Kate Kellaway, *Observer* The prose poem has proven one of the most innovative and versatile poetic forms of recent years. In the century-and-a-half since Charles Baudelaire, Emma Lazarus, Oscar Wilde and Ivan Turgenev spread the notion of a new kind of poetry, this 'genre with an oxymoron for a name' has attracted and beguiled many of our most beloved writers. Yet it has long remained a hidden territory - and even now, this peculiarly rich and expansive form can strike many contemporary readers as something of a mystery. Here, Jeremy Noel-Tod reconstructs the history of the prose poem for us by selecting the essential pieces of writing - by turns luminous, brooding, lamentatory and comic - which have defined and developed it at each stage, covering a greater chronological sweep and international range than any previous anthology of its kind. In *The Penguin Book of the Prose Poem*, Margaret Atwood rubs shoulders with Claudia Rankine; Lu Xun and Rabindranath Tagore take seats in the family tree above Seamus Heaney and Simon Armitage; and Czeslaw Milosz sits just pages from Eileen Myles.

Five novels include a comedy of manners, an historical fantasy, a love story, a tragic romance, and a businessman's rise to success

This collection of Vera Brittain's poetry and prose, some of it never published before, commemorates the men she loved - fiancé, brother and two close friends - who served and died in the First World War. It draws on her experiences as a VAD nurse in London, Malta, and France, and illustrates her growing conviction of the wickedness of all war. Illustrated with many extraordinary photographs from Brittain's own albums, and edited with a new introduction by Mark Bostridge, *Because You Died* is an elegy to men who lost their lives in a bloody conflict, and a volume of remembrance to mark the ninetieth anniversary of the Armistice.
